About Me

I am a passionate web developer with expertise in HTML, CSS, JavaScript, PHP, and Laravel. I specialize in responsive design and creative problem-solving for front-end and back-end development. Additionally, I bring skills in graphic design, content creation, SEO, and blogging, making me a versatile contributor to any project.

Skills

- Web Development: HTML, CSS, JavaScript, PHP, Laravel, Bootstrap, jQuery

- Graphic Design: Adobe Photoshop, Illustrator, Premiere Pro

- SEO & Content Creation: Guest blogging, keyword optimization, tutorial writing

- Database Management: SQL, phpMyAdmin

- Backend: Node.js, API integration

- Frameworks: Laravel, Bootstrap

Experience
